## INTRODUCTION

Welcome to Al Ameen International, we are a specialized interior decoration company, a part of Alisco Group and a fast growing brand with passionate people working behind the scene to fulfill the promise of quality, value for money and on time delivery.

We started operating in 2011 with a registered office and factory in Halban with 80 labor work force and 15 staff. Al Ameen International is an RCA registered company and our years of experience has added various ministries like Ministry of finance, Ministry of tourism and companies like Galfar, Carillon Alawi, Zubair Furnishing, Sam Contracting and others in our list of clientele.

We specialize in Gypsum Decoration, False ceiling and Wood Works and have executed projects like Barr-Al-Jissah Hotel, Al Bustan Palace Hotel, Majlis Oman, Royal Opera House, Oman Convention & Exhibition Center and many more private and commercial projects.

Our aim is to provide our clients best quality services keeping their time and budget in mind and together achieve a mutually benefiting relationship.

With this profile, I invite you to know us better and look forward to a fruitful relationship with your esteemed organization and achieve common goals towards building beautiful city.

**IMRAN MOHAMMAD OMAR**

# Oman Convention & Exhibition Center

Oman Convention and Exhibition center is a state of the art convention center in Madinat al Irfan, Muscat.

It is milestone project for Oman's tourism sector, with its architecturally advanced design and capability, this world class venue is amongst the first to be built to meet rigorous LEED certification.

The concourse area looks beautiful with the perforated acoustic ceiling at the Oman Convention & Exhibition Center. The ceiling stretches 200m in length and 30m in width with different levels and curvatures.

Work in progress view of the concourse ceiling for OCEC. The ceiling was conceptualized by leading architect and design firm SSHI. Al Ameen Int. Provided solution in real time and executed the same in 12 different bays all connected to form a single ceiling with acoustic GRG panels. This has become the first and only biggest acoustic panels to be fabricated and installed in Oman.

The dome ceiling adds charm to the Lift Lobby areas at the OCEC. Al Ameen Successfully completed this for two different lobbies, adding to the aesthetic features of the project.

Night View of the passage way skylight passage way leading from the parking to the exhibition concourse area. Gypsum bulkheads really add to the over all look of this otherwise ordinary corridor.

Acoustic Metal Panels with insulation were custom made and imported from Germany for the project. With 5 different shades of grey and 3 different sizes, a total of 4110 pieces were installed in 5 different halls in record time by Al Ameen Int.

The business suits and meetings rooms at the OCEC, where Al Ameen Int. executed various finishes including custom specification carpet from Thailand, False Ceiling, In-house custom made fabric acoustic panels.

In-House custom made fabric panels, where the fabric was imported specially for this project. The panels were fabricated in our production facility and installed on timber backing by our crafty upholstery team.

We paid special attention to details, final finishing and the quality. The end result, as you can, was perfection.

Working with glass is always difficult as it involves delicate process and fragile materials, Al Ameen Int. with the support of its supply chain, executed the special back painted glass for the lift lobby areas and bathrooms with attention to details and beautiful finish.

Painted glass tiles were installed with precise industry standard materials. Each piece, being fragile, required our installers to take extra caution and precision. A total of 58900 glass tiles were produced and installed for the bathrooms.

Mosaic works being one of our speciality, Al Ameen int. proposed one of the best mosaics manufacturer from India, making the end result that appeals to the public at the entrance of exhibition halls.

Green Mosaic at the entrance of exhibition hall, a total of 5 different variations of mosaic types were used to produce this beautiful and welcoming appeal to the five halls.

Rubber Flooring of high quality were custom made and flown from Italy for this project.

Al Ameen Int. executed the raised flooring in various areas of this project including the data rooms which control the entire operations of the exhibition center. The tiles were of custom size and from a superior grade manufacturer from Italy.

We have experience in wide range of architectural finishes. Carpet tiles is one of the extensive products that we have executed with high precision in thier application.

Ceramic tiles, porcelain tiles, ceiling acoustic tiles, metal ceiling tiles are some of the other floor, wall and ceiling finishes that Al Ameen Int. executed with utmost attention to thier joints and termination details. Working with glass is always arduous as it involves delicate process and fragile materials, Al Ameen Int. with the support of its supply chain, executed the special back painted glass for the lift lobby areas and bathrooms with attention to details and beautiful finish.

Beautiful view of the concourse ceiling with its randomly placed perforations to achieve acoustic NRC of 6.5 and above. The panels were produced in-house at our facility and is a first ceiling locally manufactured with such height and coverage area.

# PRIVATE CLIENT

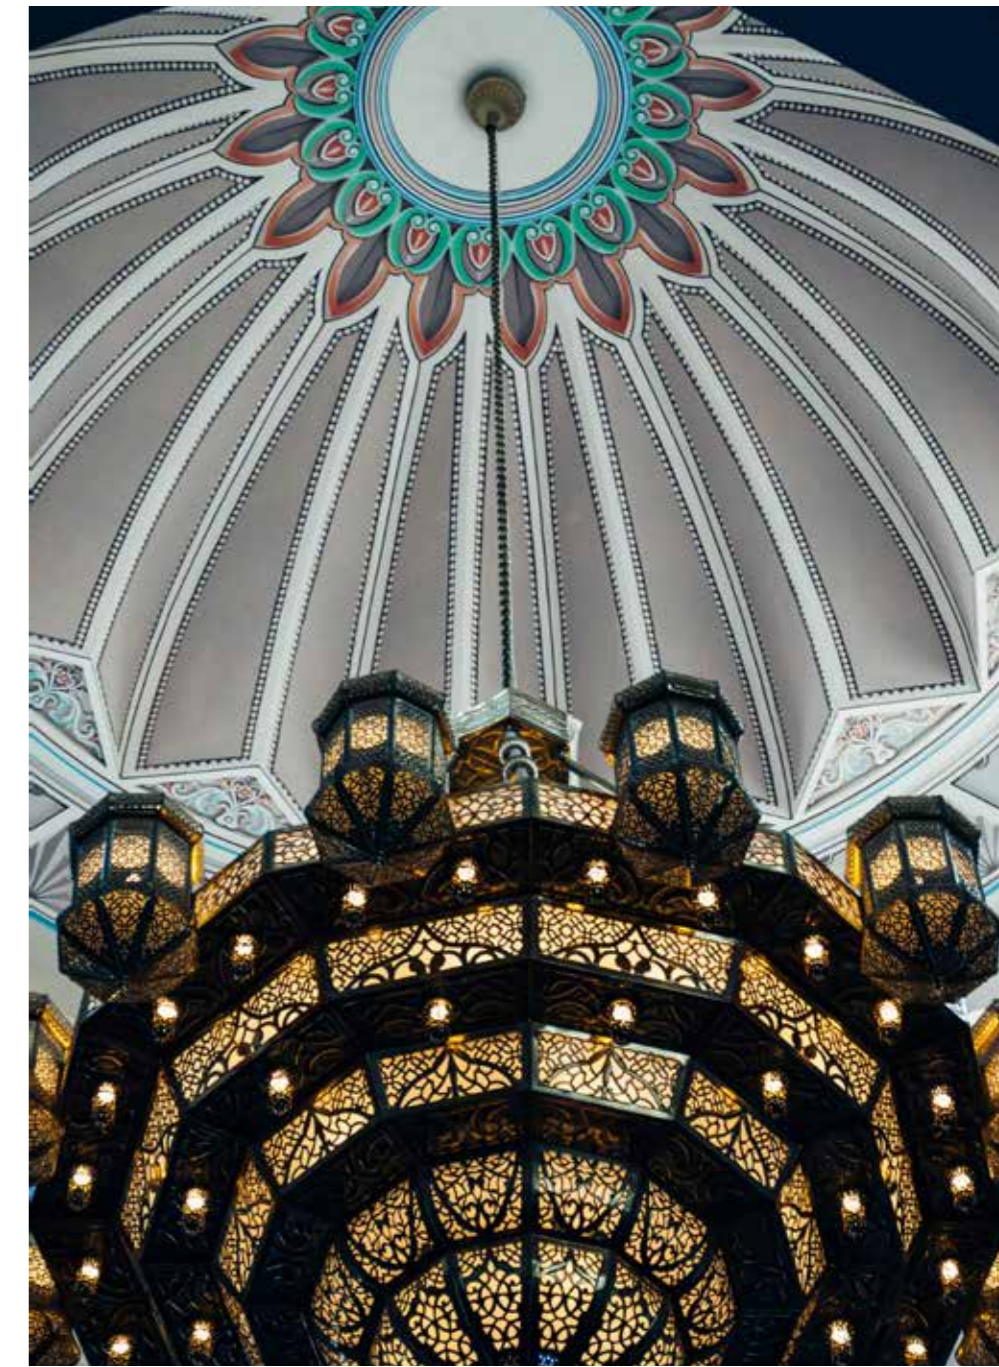

This private project in Al Khoud has been successfully completed and we have got tremendous appreciation from client for the quality of work and completion of the project as per their requirement. This Project, spanning over a period of 4 Months, was manned by an average 60 Workers to ensure the timely completion with best quality.

The scope of this tender is about design and built of decorative gypsum and paint works for VIP Majlis and Mosque. It consists of both gypsum and solid wood panels carved with high finishes.

As Al Ameen Int. we specialize in highly intricate design and decorative gypsum works. Al Ameen Executed one of the finest quality works with very high attention to detail and intricate design. All patterns and design were hand carved and crafted by our master masons at our production facility in Halban. Our special decoration painters added charm with their decorative paint work to beautify this mosque.

Beautiful Imam Stand at the mosque done with intricate design and patterns.

We always strive to deliver more than our clients expectation and this can only be done by providing solutions that are out of the box and products that are varied in range. Al Ameen Int. designed, proposed and delivered this beautiful marble mehrab for the mosque. marble stones of different sizes and colors were imported from Syria and handcrafted at our production facility to produce a vibrant and elegant decor piece as seen in the pictures.

This VIP Majlis was designed and proposed by our team. We tried to recreate the royal look and feel leaving our clients extremely delighted and surpassing their expectations.

VIP majlis for the private client. Al Ameen International skillfully completed the entire gypsum works for ceiling and wall including special decoration paint.

Bottom : Meeting room ceiling and wall paneling with special decoration paint.

Left: Decorative gypsum works including timber mashrabiya which adds highlights to the office chambers.

Bottom Left: GRP ceiling with decorative carvings were installed at the mosque and majlis entrance foyer to be then painted with wood effect.

VIP visiting lounge for the office chamber, where Al Ameen International delivered gypsum ceiling and decorative timber Mashrabiya.

**The Meeting Room.**

Al Ameen International delivered this beautiful meeting room with gypsum works, including painting, both on ceiling and wall. This was an extraordinary feat as we were asked to demolish an existing work and re-do the area within three weeks. Al Ameen Int. successfully achieved the given time period by working in two shifts, both day and night. We were appreciated by the client and visitors alike for completing the task on time and without compromising on quality.
